

Cancer is like a bad driver

Goal: Create an analogy that explains cancer cells as being like bad drivers that don't acknowledge the stop signs.

Create side by side graphics with texts.

Bad Driver	Cancer Cell
<ul style="list-style-type: none">• Show a car (cell)• Show roads and lights that would act like checkpoints.• Show the consequences of running the red lights causing an accident which is like a tumor.	<ul style="list-style-type: none">• Show cell cycle• Show checkpoints on the cell cycle• Describe what happens at each step in the cell cycle• Describe how a cancer cell bypasses the checkpoints.• Show consequence of cancer creating a tumor.
